Sir,

Recently you asked our class to write our suggestions about spending money on improving our school. Thank you for this opportunity. It's very important for us. Our class discussed this theme and we had decided that it would be better to improve our school library first. All of students use it every day because of study so we came to think that it would be very useful changing for all school. At.

Our class suggests to buy new books that connected with school subjects. It will help students to get ready for exams using all literature they need. And also we will have a chance to spend our time reading new books in ^{the} library. It will improve our educational process and also give us pleasure.

Also we want you to ask upgrade our school computers. It is hard for us to use them now. We need them to create projects, presentations and soon. So It will help us to study well.

If additional space is required, please use the reverse side of this paper
