Writing

I was asked to write a proposal and suggest what to improve in our school. To understand, I really love studying at this school, but there are lots of things to fix and improve.

Firstly, the building, where this school is situated is very old, so I suggest to improve the exterior of the school.

Secondly, we need new equipment because it's hard to work with old boards and sit on uncomfortable chairs.

Thirdly, I think that our gym is very small, so I suggest to expand it. It would be even funnier to play different sports games on a big playground.

Finally, teachers aren't happy with amount of books we have, so we need to buy some books to rise up quality of our education.

To conclude, I love my school as it remains right now, but if we will do the upgrades that described, it would be even better.
