Hello, I would like to give my opinion about our school facilities. Despite^{the fact that} many aspects of our school are in great shape, some of them need ~~urgent~~ attention and. I'm also going to add that im not an expert on this topic, so please excuse me if my opinions are horribly wrong. With this out of the way I would like to share my opinion.

The very first thing that i would want to change ASAP, is our cafeteria food. One day the food there could be average, and other day it would taste like it was made by a person that doesnt understand how to cook. The other thing is the health of our students, dont get me wrong, the school is not trying to kill their students. What im talking about is physical health, we need more sports ~~equip~~ inventory and a better lesson program to accompany that. Also the chairs we have right now are horrible for our backs. Their wooden structure is very uncomfortable and it leads to some bad sitting habits developing while sitting on them.

While there are certainly more things that need improvement, I dont have time to talk about them. I hope other students touch upon the subjects that I left. I hope that these issues would atleast be acknowledged. Thank you for reading my gibberish and goodbye.
