## Writing

I would like to review a film called „The words“.  
I really liked the film since it's really thought-provoking.  
„The words“ gave me much unforgettable emotions and made me to forget about real life and to ~~drawn~~ draw in the world of characters.

First main character is a writer, who desired to write his own book. ~~He was~~ ~~he~~ and once he had bought a bag where he found a text of a whole book. He was hesitating for some time, but then he published it and his life turned up side down. After all this had happened, the other man appeared in the film and the plot became more and more complex and fascinating. If you are interested to know what happened later, watch the film, because I swear you won't regret.

The film surprised me very much, because I didn't expected to get so much different outstanding emotions.

I really liked the plot ~~of~~, the actors starred there and the most thing that impressed me was a special feature, which supposed „story in the story“ filming.
